

UAT Robotics Scholarship Application

INSTRUCTIONS: Complete, sign and submit this application with all scholarship materials.

About the UAT Scholarship Program: University of Advancing Technology seeks to reward on-campus, undergraduate students who have demonstrated success, or the potential for success, with scholarships. UAT students are accepted for admission based on a range of qualifications that express the student's vision for the college experience, the value of technology innovation in the world and their desire to attend UAT. University scholarship programs are designed to reward new students who meet these standards.

About the UAT Robotics Scholarship: The UAT Robotics Scholarship is awarded to active participants in the FIRST Robotics Competition, FIRST Tech Challenge, VEX Robotics Competition, TSA-VEX Competition, or BEST Robotics Competition for their academic success and continued participation in programs related to science, technology, engineering and mathematics. The mission of each organization clearly aligns with our mission, vision and core values.

Award Amount: UAT will award scholarships in the amount of \$1,250 per semester for up to eight (8) semesters for a maximum total award amount of \$10,000.

Who Qualifies? We are seeking first-time on-campus students looking to obtain a Bachelor of Science degree. Students must have actively participated in the FIRST Robotics, FIRST Tech Challenge, VEX Robotics, TSA-VEX, or BEST Robotics competitions on a team and demonstrated academic success through one of the following indicators:

- High School cumulative GPA of a 3.0 or higher
