FOUNDER’S HALL FEATURES AND SERVICES FOR STUDENTS

- Multimedia Theater
- Wireless Internet
- Exercise Room
- Community Kitchen
- Think Tanks
- Mail Room
- Laundry Room
- Game Room

WELCOME WEEK

UAT Residence Life welcomes new students, their families and all returning students during Connect Orientation, a fun-filled series of events and educational activities. Welcome Week begins on move-in day and lasts until the start of classes. There’s something for everyone to enjoy, and it’s a great opportunity to meet people you’ll graduate with in a couple of years.

RESIDENT ASSISTANTS

Resident Assistants (RAs) are peer mentors who live in Founder’s Hall in each wing to help build an inclusive community. RAs build community by creating relationships, building rapport and mediating any conflicts between students. RAs are available to provide personal and academic support, to plan and implement resident activities, to administer and clarify University policies, and to encourage student responsibility and accountability.

TECH TREK

It is a good idea to attend Tech Trek Discovery Expo, our open house and technology conference. This is where students unite to meet industry experts, alumni speakers and potential roommates. For more information on each event and to see upcoming dates or to register, visit www.uat.edu/techtrek.
At UAT, Residence Life is a unique aspect of the collegiate experience that fosters students’ emotional, intellectual and social development. The Department of Residence Life focuses on each student’s growth as an individual within the UAT community as well as their role as a positive force in society. The Residence Life staff accomplishes this by creating and nurturing connections and by promoting fun and enlightening activities for students.

The UAT residential life program is based on the philosophy of supporting our residents through the transition from dependence to independence. Students live on campus during a formative stage in their development, requiring them to live and communicate effectively with people outside their normal family environment, learn to take personal responsibility, and act independently, often for the first time. UAT aims to ensure that this transition is supported and successful and that risk-taking behavior is managed and minimized.

UAT ROOM AND BOARD COSTS
Residence Life Community costs are based on the type of room a student chooses and the semester a student begins classes. For current Room and Board costs, please visit www.uat.edu/tuition.

Parking
Parking is available on campus for residents of Founder’s Hall. Students may purchase parking passes at the beginning of each semester.

CAMPUS AND COMMUNITY SAFETY
UAT is a uniquely safe and secure community in a larger urban setting. In order to maintain campus and community safety, the following principles are in place:

> All students and staff members are responsible for identifying safety issues and reporting them to the appropriate staff member or authorities.
> The University maintains a timely warning and communications system for alerts.
> Each member of the UAT community is empowered to take appropriate steps to maximize safety for themselves and other members of the community.

Founder’s Hall opened its doors in Fall 2007. The three-story building, with accommodations for more than 250 students and resident staff, is not only a model of 21st-century student comfort and convenience, but is also massively geeked-out. Students have never been more connected to the world or each other. Each floor has its own Resident Assistant. The Resident Hall Director lives on-site.

WHAT ABOUT MEALS?
Students residing on campus have access to kitchens for food preparation. Just a few feet away from Founder’s Hall is the campus café, which offers students a wide variety of hot meals, salads, soups, burgers, sandwiches, beverages, breakfast items and more, seven days a week. Many meal plan options for the café are available. Several grocery stores and restaurants are within walking distance of campus. To learn more about meal plan options, visit uat.edu/uat-café.
