### FUNDS NEEDED FOR U.S. HEALTH INSURANCE

International students are required to carry adequate health insurance while studying in the U.S. The University will automatically enroll you in a plan and you will be charged per semesters along with tuition. You will be responsible to pay for the insurance plan while you are enrolled in the institution. Upon enrollment, the Registrar will issue an insurance card to you and the health insurance provider will issue a prescription card to the Registrar to hand over to you. If you take a Leave of Absence (LOA), you must continue coverage during this time. Enrolled international students will receive information about insurance coverage.

Health coverage will be automatically added to your account balance each semester. Health insurance coverage is required prior to starting your first class and must remain active throughout your enrollment at the University of Advancing Technology

### CERTIFICATION OF FINANCIAL SUPPORT
